Correct: 1 Wrong: 0

निम्नतिखित में से क्या, सी.आर.टी. (CRT) डिस्प्ले द्वारा, डेटा के विजुअल प्रदर्शन के लिए प्रयोग किया जाता है?

Options:

- 🤈 🚜 द्रवित क्रिस्टल डायोड
- 🛪 😮 प्रकाश उत्सर्जन डायोड
- 4. 🗱 प्लाज्मा पैनल

Question Number: 7 Question Id: 583224755 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical

State whether the following statements are True or False?

- A printer can be either impact or non-impact.
- II) Dot-matrix printers can use continuous paper than individual sheets.
- III) A plotter can produce high-quality graphics or drawings using ink pens.

Options:

- 1 True, II True, III True
- 2. * I True, II False, III False
- 🗝 🙎 I True, II False, III True
- I True, II True, III False

Question Number: 7 Question Id: 583224755 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical

Correct: 1 Wrong: 0

निर्दिष्ट कीजिए निम्नलिखित कथन सही है या गलत।

- एक प्रिंटर या तो इम्पैक्ट हो सकता है या नॉन-इम्पैक्ट।
- II) डॉट-मैट्रिक्स प्रिंटर में, अलग-अलग शीट्स की अपेक्षा, सतत पेपर का उपयोग किया जा सकता है।
- III) एक प्लौटर (plotter), स्याही पेन का उपयोग करके, उच्च गुणवत्ता वाले ग्राफिक्स या आरेखण उत्पन्न कर सकता है।

Options:

- 1 I सही, II सही, III सही
- 🤈 😦 l सही, ll गलत, lll गलत
- 🦡 🛚 । सही, 🛮 गलत, 🖽 सही
- 4 🚜 I सही, II सही, III गलत

Question Number: 8 Question Id: 583224756 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical

Correct: 1 Wrong: 0

Match the following:

Set-1

Set-2

I) Plotter

A) Can record and erase data multiple times

II) DVD-ROM

B) Can record data only once

III) DVD-RAM

C) Output device

IV) DVD-R

D) Can only be read and not written

Options:

- 1. * I D, II C, III B, IV A
- 2. V I C, II D, III A, IV B
- 3 * I C, II D, III B, IV A
- 1 D, II C, III A, IV B

Question Number: 8 Question Id: 583224756 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical

निम्नलिखित का मिलान कीजिए।

समूह-1

समूह-2

l) प्लौटर (plotter)

(A) डेटा को कई बार रिकॉर्ड कर सकता है और मिटा सकता है।

II) DVD-ROM

(B) केवल एक बार डेटा रिकॉर्ड कर सकता है।

III) DVD-RAM

(C) आउटप्ट डिवाइस

IV) DVD-R

(D) केवल पढ़ा जा सकता है और लिखा नहीं।

Options:

1 * I - D, II - C, III - B, IV - A

2 V I - C, II - D, III - A, IV - B

3 * I - C, II - D, III - B, IV - A

4 * I - D, II - C, III - A, IV - B

Read the following passage and answer the questions given after it.

Birbal was the favourite minister of king Akbar. The king's brother-in-law, Hussain Khan was very jealous of him. He wanted Birbal's job and so he decided to talk to his sister, the queen. One day, when Akbar went to his room, he found his Begum looking very angry. When king asked her the reason, she said, "I want you to make my brother the minister at your court in place of Birbal."

The king said, "How can I do that? Your brother is not very intelligent, besides how can I tell Birbal to leave his job without any reason?"

The Begum thought for sometime and said, "Why don't you ask Birbal to do something which is impossible, and when he does not do it, tell him to get out. When you are in the garden tomorrow, tell Birbal to bring me to you. I will refuse to come, so you can dismiss him."

The next day, Akbar sat sadly in his garden and when Birbal asked him why he was upset, the king said, "Your queen, my Begum is angry with me and refuses to talk to me. If you bring her to me here, I'll give you a prize. If you don't I'll take away your job." Birbal went to the queen and said, "Begum Sahiba – Jahanpanah wants you in the garden please...." Before he could finish his sentence, a messenger came and whispered something in Birbal's ears. The queen was curious, but the only words she could hear were "she is beautiful. "Birbal then turned to the queen and said, "Forgive me Begum Sahiba. You do not have to come to the garden now. The situation has changed," and he left.

At this the queen became very curious and quickly ran to the garden. She was surprised to see the king alone. The king was also surprised to see her and he said, "But you told me you will not come? Why are you here?"

The queen told him about Birbal and the messenger. The king was very amused and called Birbal and gave him a prize.

निम्नलिखित गद्यांश को पढ़ें और उसके बाद दिए गये प्रश्नों के उत्तर दें।

बीरबल, बादशाह अकबर का प्रिय मंत्री था। बादशाह का साला, हुसैन खान उससे बहुत ही ईर्ष्या करता था। वह बीरबल के स्थान पर नौकरी करना चाहता था और इसलिए उन्होंने अपनी बहन, रानी से बात करने का निर्णय लिया। एक दिन, जब अकबर अपने कक्ष में गया, तो उसने देखा कि उसकी बेगम बहुत कोधित है। जब बादशाह ने इसका कारण पूछा, तो उसने कहा, "मैं चाहती हूँ, कि आप मेरे आई को बीरबल के स्थान पर दरबार में मंत्री बना दें।"

बादशाह ने कहा, "मैं यह कैसे कर सकता हूँ? आपका भाई बहुत बुद्धिमान नहीं है, इसके अतिरिक्त मैं बिना किसी कारण के बीरबल को नौकरी छोड़ने के लिए कैसे कह सकता हूँ? "

बेगम ने कुछ समय के लिए सोचा और कहा, "आप बीरबल को कुछ ऐसा काम करने के लिए क्यों नहीं कहते जो असंभव हो, और जब वह ऐसा नहीं कर पायेगा, तो आप उसे निकल जाने के लिए कह सकते हैं। कल जब आप बगीचे में हों, तो बीरबल को मुझे आपके पास लाने के लिए कहें। मैं आने से मना कर दूंगी, और आप उसे बर्खास्त कर सकते हैं। "

अगले दिन, अकबर अपने बगीचे में उदास बैठा था और जब बीरबल ने उससे पूछा कि वह परेशान क्यों है, तो बादशाह ने कहा, "आपकी रानी, मेरी बेगम मुझसे नाराज़ है और मुझसे वात करने से इनकार कर रही है। यदि तुम उसे मेरे पास ले आओ, तो मैं तुम्हें एक पुरस्कार दूँगा, किन्तु यदि तुम ऐसा नहीं कर पाते हो, तो मैं तुम्हें नौकरी से बर्खास्त कर दूँगा।" बीरबल रानी के पास गया और कहा," बेगम साहिबा - जहांपनाह चाहते हैं कि आप बगीचे में...। " उसका वाक्य समाप्त होने से पहले, एक अरदली आया और बीरबल के कानों में कुछ फुसफुसाया। रानी उत्सुक थी, लेकिन वह केवल यही शब्द सुन सकी कि "वह सुंदर है।" फिर बीरबल रानी की ओर मुझ और कहा, "क्षमा करें बेगम साहिबा। अब आपको बगीचे में आने की आवश्यकता नहीं है। परिस्थिति बदल गई है," और वह वहाँ से चला गया। इस पर रानी बहुत उत्सुक हो गई और जल्दी से बगीचे के लिए दौड़ी। वह बादशाह को अकेला देखकर आश्चर्यचिकत थी। बादशाह भी उसे

रानी ने उन्हें बीरबल और अरदली के बारे में बताया। बादशाह बहुत खुश हुआ और बीरबल को बुलाकर एक पुरस्कार दिया।

देखकर आश्चर्यचिकत हुए और उन्होंने कहा, "लेकिन तुमने तो कहा

था कि तुम नहीं आओगी? तुम यहाँ क्या कर रही हो?"

Since humans are visually driven creatures, the impact of imagery only increases with the help of animation. Animation is like eye catchy moving objects that helps in getting attention and differentiate from other competitors. Today more designers are considering animation as a useful element to enhance user experience of audiences. From a delight tool, it has become the most important tools to bridge successful interaction among apps and end users. Good User Interface animations have a meaningful purpose. But one has to make sure to incorporate at the right time as well as the right place. Functional animation is a delicate animation which has very clear and logical purposes that reduce cognitive load, prevent change blindness plus establish better recall in spatial relationships. Animation brings user interfaces to life. The prime focus of Functional Animation is on UI that needs to be intuitive, responsive and must use human centered design approach. A well tested functional animation has the potential to fulfill multiple purposes. Good interaction design provides feedback. Feedback makes you feel like you're interacting with real elements on the screen. User interface elements such as buttons and controls should appear tangible, even though they are behind a layer of glass. Visual and motion cues can bridge this gap by acknowledging input immediately and animating in ways that look and feel like direct manipulation. Users want to know their current context in a system via appropriate visual feedback. For example, animated loading bars shows how fast a process goes and sets an expectation for how fast the action will be processed. This serves as a real time notification of a system status and enables the user to understand what is going on quickly. First time users often need help to understand how to use an app interface. Especially if interface contain unfamiliar or unique interaction such as gesture. Without help, users may be confused on how to interact with an app. You should provide a set of visual hints that provides insights about what is about to happen and engage users to take further steps. Functional animation smoothly transports users between navigational contexts and explains changes on a screen by creating visual connections between transition states. But one must understand that Dozens of apps have same exact features and accomplish the same tasks. They might all have a good user experience but only few establish emotional engagement with users. Pay attention to animations that can convey an emotion and can make the experience feel crafted. Developing and testing your animation is the best way to convey how you intend to use animation in your design. Using interactive prototypes, you will get a clear picture as to what works and where the flaws in your app are hiding.
