Read the passage given below and answer the questions that follow by marking the most appropriate option out of the four given after each question.

A strange event happened on Thursday. A Nilgai gave a tough time to the police and officials of the forest department who took several hours to safely take the animal to Asola Bhatti Wildlife Sanctuary.

Early in the morning the Nilgai entered Delhi's most protected zone, Vijay Chowk. Senior officials spotted it going towards the Parliament House.

The animal could be caught only after hours of struggle. The NGO, Wildlife SOS, had also deployed its 10-member team to rescue the animal. "The Nilgai has been successfully rescued by #Wildlife SOS from #Vijay Chowk," the NGO tweeted after the rescue work was over. It is believed to have strayed from a forest area behind the President's Estate. Initially a group of policemen rushed to remove the animal before VIP convoys of ministers and top officers started moving into the area.

The blue bull was seen running around the lawns as a PCR van was entrusted with the task of chasing it towards that zone. While the van was about to take a sharp turn, the Nilgai suddenly ran towards it and hit the vehicle on the driver's side.

The impact led to a broken window glass and also caused injury to the Nilgai's leg.

The police team also made a human chain bordering the lawn to ensure that the Nilgai didn't run towards the road again. Soon thereafter the traffic police also joined the Nilgai operation and the area was cordoned off. The incident also caused traffic snarls in the area which lasted for around an hour.

Finally the forest department officials rescued the animal and explained that they had to be careful as the Nilgai has a "very delicate heart" and cannot be chased back to the forest and "had to be rescued."

A forest department officer further said that the department is yet to ascertain her age and whether the animal is pregnant or not. According to the forest department, it received a call about the presence of the animal in the VVIP zone around 10 AM following which teams were rushed to the spot.

Question Number: 53 Question Id: 2062051474 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical Correct: 1 Wrong: 0
The Nilgai was first seen at:
Options:
1. ✓ Vijay Chowk
2. * The Parliament House
3. * The President's Estate
4 * Asola Bhatti Wildlife Sanctuary
Question Number: 54 Question Id: 2062051475 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical Correct: 1 Wrong: 0 From the facts stated in the passage one may
infer that the Nilgai was:
Options:
a baby Nilgai
2. * a male Nilgai
3. a female Nilgai
gender not known
Question Number: 55 Question Id: 2062051476 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical Correct: 1 Wrong: 0
The incident described in the passage took place
at /in the:
Options:
morning
2. * noon
3. * evening
4. * night

Correct: 1 Wrong: 0

Probably, the Nilgai had come from:

Options:

- 1 * the Aravalli hills.
- the forest area behind the President's Estate.
- a nearby zoo.
- the Asola Bhatti wildlife sanctuary.

 $\label{eq:Question Number: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical$

Correct: 1 Wrong: 0

They did not chase the Nilgai back to the place from where it had come because:

Options:

- they wanted to take it to the Wildlife Sanctuary.
- there was a risk that it might run away.
- they wanted to keep it as a valuable possession.
- 4. the Nilgai has a very delicate heart.

Question Numbers: (53 to 57)

Question Label: Comprehension

नीचे दिये गये गद्याँश को पर्दे और उसके बाद दिये गये प्रश्नों के उत्तर प्रत्येक प्रश्न के बाद दिये गये चार विकल्पों में से सबसे उपयुक्त विकल्प को चिहिनत करके दें।

गुरुवार को एक विचित्र घटना हुई। एक नीलगाय ने पुलिस और वन विभाग के अधिकारियों को काफी कठिनाई में डाल दिया जिन्होंने कई घण्टों की मेहनत के बाद नीलगाय को सुरक्षित रूप से पकड़कर असोला भट्टी वन्यजीव अभयारण्य में छोड़ दिया।

तड़के सुबह नीलगाय दिल्ली के सबसे सुरक्षित क्षेत्र, विजय चौंक में घुस गयी। वरिष्ठ अधिकारियों ने उसे संसद भवन की तरफ जाते हुए देखा।

उस जानवर को कई घण्टों की कड़ी मेहनत करने के बाद ही पकड़ा जा सका। एनजीओ, वाइल्डलाइफ एसओएस, ने भी उस जानवर को पकड़ने के लिये अपनी 10 सदस्यीय टीम भेजी थी। बचाव कार्य समाप्त हो जाने के बाद एनजीओ ने ट्वीट किया, "नीलगाय को # विजय चौक से # वाइल्डलाइफ एसओएस द्वारा सफलतापूर्वक बचा लिया गया है"। ऐसा माना जा रहा है कि वह राष्ट्रपति भवन के पीछे स्थित वन्य क्षेत्र से भटक कर यहाँ आ गई थी। आरम्भ में क्षेत्र में मन्त्रियों के वीआईपी काफिले और शीर्ष अधिकारियों के प्रवेश करने से पहले पुलिसकर्मियों का एक दल इसको निकालने के लिए यहाँ पहुँच गया था।

नीलगाय लॉन के आसपास दौड़ती देखी गयी क्योंकि पीसीआर वैन को उस क्षेत्र में उसका पीछा करने का कार्य सौंपा गया था। जब वैन एक तीव्र मोड़ ले रही थी, तभी नीलगाय अचानक उसकी ओर दौड़ पड़ी और चालक की तरफ़ वैन को टक्कर मार दी। इसके कारण खिड़की का काँच टूट गया और नीलगाय के पैर में भी चोट लग गई।

पुलिस दल ने लॉन के चारों ओर एक मानव श्रृंखला भी बनायी ताकि नीलगाय फिर से सड़क की ओर न भाग सके। इसके तुरन्त बाद यातायात पुलिस भी नीलगाय अभियान में शामिल हो गई और उस क्षेत्र को घेर लिया। इस घटना ने उस क्षेत्र के यातायात में भी अफ़रा-तफ़री मचा दी जो लगभग एक घण्टे तक बनी रही।

अन्त में वन विभाग के अधिकारियों ने नीतगाय को बचा तिया और बताया कि उन्हें अतिरिक्त साबधानी बरतनी पड़ी क्योंकि नीतगाय का हृदय "बहुत कोमत" होता है और इसे वन की ओर वापस नहीं भगाया जा सकता और इसे "पकड़ा ही जाना था।"

वन विभाग के अधिकारी ने आगे कहा कि विभाग द्वारा अभी यह पता लगाया जाना है कि उसकी आयु कितनी है और वह जानवर गर्भवती है या नहीं। वन विभाग के अनुसार, सुबह लगभग 10 बजे वीवीआईपी क्षेत्र में नीलगाय की उपस्थिति के बारे में एक फोन आया था जिसके बाद बचाव दल मौके पर पहुँच गये थे।

The Indian Air Force was created on paper on 8th Oct, 1932 by the Indian Air Force Act of 1932 and on that fateful day six Indian officers were granted the Kings Commission. The IAF actually took to Wings on 01 Apr. 1933 when it was equipped with four Wapiti aircraft. This token force of four Wapiti aircraft marked an important milestone, signifying the entry of Indians into the technologically savvy third dimension of warfare. Its strength of four Wapiti aircraft remained the same for the next four years, increasing to five in 1936 and, thereafter, remaining at five till 1940. During the British rule, the British visualization of threat to India was from the North West, possibly Russia and marauding attacks by the warring tribes in Afghanistan. For this purpose they deployed the RAF in India, varying in strength between 6 to 8 squadrons in the 1920s and 30s. As the Japanese struck the allies in December 1941 and rapidly advanced to the doorsteps of India, urgent need was felt to expand the air forces for the defence of India. During World War II, the IAF which had been so quickly expanded and committed at the Burma Front, came out with flying colours. The number of gallantry awards bear testimony to the fact. Moreover, while still flying aircraft which were decidedly inferior to all the Japanese aircraft, the IAF squadron suffered very low attrition to enemy aircraft. In 1962, India having suffered a crushing defeat by the Chinese army, and expecting another attack in 1963, sought military assistance from the UK. The British Chiefs of Staff Committee recommended a force of five squadrons of Canberra bombers, together with logistics and air defence support in the hope that a clearly demonstrated ability and offer to intervene with such a force would have some deterrent effect on the Chinese. Similarly, when India sought military help from the USA, the US was not willing to supply the Mach 2 Star fighter F104 which the IAF had short listed. However, in the 1950s a decision was taken to initiate diversification of supply sources and an order for 100 Ouragans was placed with France. In 1957 significant inductions were made the French Mystere IVAs, the British Hunter FMK 56s, Canberra B(I) Mk58s and little later the Gnats a light weight fighter. This raised the force level to 33 Squadron. For now The IAF has over 60 air bases all over India, grouped into 7 commands. The Western Air Command is the largest with 16 air bases and the Central Air Command is the smallest with 7 air bases. The IAF also has a base outside India i.e. in Farkhor in Tajikistan. It is Indias first and only military base outside the country.
