Read the passage given below and answer the questions that follow by selecting the right option out of the given four.

Like all sports, hunting has its own rules but there is no referee present to ensure that the rules are followed. The responsibility of following the rules depends on the sportsman himself. The wildlife staff keep a check but it is the sportsman who has to keep control on himself so that our wildlife is not destroyed.

The most serious and heavy damage to our wildlife is caused by poachers from villages adjoining the forests. Damage is also done by gangs from big towns who kill the wildlife to sell skin and horns. If we follow the rules strictly, we can continue to hunt without any loss of our fauna.

In order to save our wildlife, a number of national parks and game sanctuaries have been established. While national parks are established through an Act of Parliament or State Legislature, sanctuaries are established through an administrative order of the government. National parks are permanent and their boundaries cannot be changed whereas sanctuaries are established for a fixed period of time, which may or may not be increased; and whose boundaries can be changed. As of 2015, there are 103 national parks and 514 sanctuaries in India. The most famous are the Kanha National Park in Madhya Pradesh, the Corbett National Park in Uttarakhand and Dudhwa National Park in Uttar Pradesh. In these national parks, the wildlife gets an opportunity to exist and multiply in a natural manner without any interference or danger from man. In the game sanctuaries, similar protection is given to all forms of wildlife. The most famous game sanctuary in India is the Gir Lion Sanctuary in Gujarat. Here lives the Asiatic lion, which once roamed freely all over North West India, Pakistan, Iraq and Arabia. This is the only part of the earth where the Asiatic lion still exists in its natural environment owing to the strict protection given to it.

All our national parks and sanctuaries are a source of great pleasure and recreation to thousands of visitors each year because they give an opportunity to people to see the rich fauna of our country in their natural surroundings.

सभी खेलों की तरह, शिकार के अपने नियम हैं लेकिन नियमों के पालन को सुनिश्चित करने के लिए कोई रेफरी मौजूद नहीं है। ऐसे में नियमों का पालन करने की जिम्मेदारी स्वयं खिलाड़ी पर निर्भर करती है। वन्यजीव कर्मचारी यह जांच करते रहते हैं लेकिन खिलाड़ी को स्वयं पर खुद नियंत्रण रखना होता है ताकि हमारा वन्यजीवन नष्ट न हो।

हमारे वन्यजीवन को सबसे गंभीर और भारी नुकसान जंगलों से जुड़े गांवों के अवैध शिकारियों के कारण होता है। बड़े शहरों के गिरोहों द्वारा भी नुकसान किया जाता है जो वन्यजीवों को उनकी त्वचा और सींग बेचने के लिए मारते हैं। यदि हम नियमों का सख्ती से पालन करते हैं, तो हम अपने जीवजंतुओं को किसी हानि के बिना भी शिकार करना जारी रख सकते हैं।

हमारे बन्यजीवन को बचाने के लिए, कई राष्ट्रीय उदयान और वन्यजीव अभ्यारण्य स्थापित किए गए हैं। राष्ट्रीय उदयानों की स्थापना संसद या राज्य विधान मंडल के दवारा पारित अधिनियम से की जाती है, जबकि बन्यजीव अभ्यारण्यों को सरकार के प्रशासनिक आदेश के माध्यम से स्थापित किया जाता है। राष्ट्रीय उदयानों स्थायी हैं और उनकी सीमाओं को बदला नहीं जा सकता जबकि बन्यजीव अभ्यारण्य एक निश्चित अवधि के लिए स्थापित किए जाते हैं. जिसे बढ़ाई जा सकती है और नहीं भी बढ़ाई जा सकती है; और इनकी सीमाएं भी बदली जा सकती हैं। 2015 तक, भारत में 103 राष्ट्रीय उदयान और 514 वन्यजीव अभ्यारण्य हैं। सबसे प्रसिद्ध मध्यप्रदेश में कान्हा राष्ट्रीय उदयान, उत्तराखंड के कॉर्बेट राष्ट्रीय उदयान और उत्तर प्रदेश के द्धवा राष्ट्रीय उदयान हैं। इन राष्ट्रीय उदयानों में, बन्यजीवों को किसी भी हस्तक्षेप या बिना किसी मानव खतरे के प्राकृतिक तरीके से अस्तित्व में रहने और वंशवृद्धि करने का अवसर मिलता है। वन्यजीव अभ्यारण्यों में भी, सभी प्रकार के वन्यजीवों को समान संरक्षण प्रदान किया जाता है। भारत में सबसे प्रसिद्ध वन्यजीव अभ्यारण्य गुजरात के गीर शेर अभ्यारण्य है। यहां एशियाई शेर रहते हैं, जो उत्तर पश्चिम भारत, पाकिस्तान, इराक और अरब में स्वतंत्र रूप से घुमते-फिरते थे। यह उस धरती का एकमात्र हिस्सा है जहां एशियाई शेर अभी भी स्वतंत्र प्राकृतिक वातावरण में मौजूद हैं और उन्हें कड़ी स्रक्षा प्रदान की गयी है।

हमारे सभी राष्ट्रीय उद्यान और वन्यजीव अभ्यारण्य प्रत्येक वर्ष आने वाले हजारों आगंतुकों की प्रसन्नता और मनोरंजन का स्रोत हैं क्योंकि वे लोगों को प्राकृतिक परिवेश में हमारे देश के समृद्ध जीवों को देखने का अवसर प्रदान करते हैं। Question Number: 53 Question Id: 249363370 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes
