Read the following passage and answer the questions given after it.

Not many young people can say that they have travelled through all the states in India. I can, the reason being my parents. My parents always loved to travel. We started off as a young family of four. Being a middle class family, our travels had to be low cost. But we spared no energy in making the most of each trip. Starting from our trips to Munnar, Khajiyar at a very young age of three, to places like Jaisalmer, Arunachal Pradesh, Bhutan which were not so touristy in the nineties, at the age of 9-10 (my sister being 4 years old), we had covered the whole country by the time I was 17!

My parents always planned the trips themselves. We never took the services of a travel agent. We didn't even ask for any suggestions. My parents would actively involve me in the planning, by getting big maps of places we would be visiting and explaining to me where all we would be going to.

Once we travelled from Raipur (Chhattisgarh) to Jaipur (Rajasthan) to Jaisalmer, almost 2400 kilometers traversing through the nothingness of Madhya Pradesh, the scary Chambal Valley, through endless sand dunes...it was an amazing journey where we bonded and truly understood our parents, and they us.

Eating the local food, visiting traditional markets, travelling in public transport, communicating in the local language are all things that I have learned to love.

These travels have given me life skills that I would not have had otherwise acquired.

Being a middle class family we did not stay in resorts with pools, but being kids we always wanted to get into the water and play. So instead of pools my parents led us to lakes, rivers and the sea. This is how I learnt to swim. By jumping into the Bay of Bengal at the age of 5 and trying to swim in Chilka Lake (the largest coastal lagoon) at the age of 11. And I have not looked back since. Today I am a proficient scuba diver because I am fearless with water bodies.

निम्नलिखित अनुच्छेद को पढ़ें और उसके नीचे दिए गए प्रश्नों का उत्तर दें।

कई नवयुवक/युवितयां यह नहीं कह सकते हैं कि उन्होंने भारत में सभी राज्यों की यात्रा की है। मैं कह सकता हूँ, जिसका कारण है मेरे माता-पिता। मेरे माता-पिता को हमेशा से ही यात्रा बहुत ही पसंद थी। हमने 4 सदस्यों के एक छोटे से परिवार से शुरुआत की। एक मध्य वर्गीय परिवार होने के कारण हमारी यात्राएं कम लागत की ही होती थीं। परंतु हम प्रत्येक दौरे से सर्वाधिक आनंद प्राप्त करने हेतु अपनी पूरी शक्ति लगा दिया करते थे। मैंने तीन वर्ष की बहुत ही कम आयु से मुन्नार, खिजयार की यात्रा की शुरुआत करते हुए 9-10 वर्ष की आयु में (मेरी बहन 4 वर्ष की थीं) जैसलमेर, अरुणाचल प्रदेश, भूटान जैसी जगहों की यात्रा की जो नब्बे की दशक में पर्यटक स्थल नहीं थे, मेरी 17 वर्ष की आयु तक हमने पूरे देश की यात्रा कर ली थीं।

मेरे माता-पिता हमेशा स्वयं ही, यात्राओं की योजना बनाया करते थे। हमने कभी भी यात्रा एजेंट की सेवाएं नहीं लीं। हमने कभी कोई सुझाव भी नहीं मांगा। मेरे माता-पिता, भ्रमण हेतु चयनित स्थलों के बड़े-बड़े मानचित्र लाते और विस्तृत रूप से हमारे दौरे के स्थल के संबंध में समझाते हुए मुझे इन योजनाओं में सिक्रय रूप से शामिल किया करते थे।

एक बार हमने, मध्यप्रदेश की अस्तित्वहीन स्थलों, भयानक चंबल घाटी एवं रेत के असंख्य टेलों से गुजरते हुए, रायपुर (छत्तीसगढ़) से जयपुर (राजस्थान) से जैसलमेर, लगभग 2400 किलोमीटर की यात्रा की... यह एक अद्भुत यात्रा थी जहाँ हम एक साथ मिलजुल कर रहे और सही माइने में हम अपने माता-पिता को और वे हमें समझ सके।

मैंने, स्थानीय भोजन करना, पारंपरिक बाज़ारों में घूमना, सार्वजनिक परिवहन में यात्रा करना, स्थानीय भाषा में बात-चीत करना, इन सब का आनंद उठाना सीखा। इन यात्राओं ने मुझे जीवन के वे कौशल प्रदान किए जो अन्यथा मुझे प्राप्त नहीं होते।

मध्यवर्गीय परिवार होने के कारण हम स्विमिंग पूल वाले रिसार्ट में नहीं ठहरते थे, परंतु बचपन में हम सदैव पानी में खेलना पसंद करते थे। अतः पूल के बदले मेरे माता-पिता हमें झील, नदी एवं समुद्र देखने ले जाते। इसी तरह मैंने तैरना सीखा। 5 वर्ष की आयु में बंगाल की खाड़ी में कूदकर एवं 11 वर्ष की आयु में चिल्का झील (सबसे बड़ी तटीय झील) में तैरने का प्रयास किया। और तब से ही मैंने पीछे मुड़कर नहीं देखा। आज मैं एक सक्षम स्कूबा गोताखोर हूँ क्योंकि मुझे जल स्रोतों से बिल्कुल डर नहीं लगता है।

Railways minister Suresh Prabhu is doing the right thing by seeking to monetise assets and roping in SBI Capital Markets to help in the process. However, the government should help him find the Rs 32,000 crore needed to implement the Seventh Pay Commission award in the Railways, at least by deferring dividend payment. Being part of the government is a drag on the Railways. Apart from thwarting a commercial culture, it imposes the pay commission award on the Railways, which should ideally pay market-linked wages and salaries to its staff and put in place an incentive system suited for a business enterprise. If the government does not want to bear the Railways pay hike burden, the simple solution would be to corporatize the Railways and let it fend for itself. And it is likely to do very well, too. Deploying railway land around stations to develop commercial real estate through private sector partners, low-cost debt from the Life Insurance Corporation and foreign direct investment for coaches and locomotives are innovative ways to raise funds. As part of the government, the Railways needs an autonomous regulator to set realistic tariffs. Once recast as a clutch of operating companies owned by a common holding company, competing with one another and with private operators of rolling stock who pay the track and signalling subsidiary the same fee as the rail subsidiaries operating rolling stock, fare and freight would be set dynamically, responding to competition and the state of demand and supply. The value of the operating subsidiaries can be discovered through stake sales and listing. Based on the value so discovered, each subsidiary or joint venture can raise additional resources for investment. And the Railways will offer subsidies only when these are explicitly compensated for by the Union Budget. Such an efficient commercial entity would, over the medium term, generate substantial profits that would find their way to the central government as well. Such a transformation is a journey that the Railways cannot put off indefinitely. From December, after Congress chief minister Nabam Tuki sacked his finance minister Kalikho Pul on charges of graft, Pul has been stoking dissidence against his former boss. In a 60-member assembly, the Congress had 40 MLAs, of which the rebel faction aims to control 21. With the help of the BJP's 11, they hope to upstage the existing regime.
