Question Number: 1 Question Id: 5832241091 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical Correct: 1 Wrong: 0
A CPU with a clock rate of 1.8 GHz can perform clock cycles per second.
Options:
1,800,000,000
2. * 180,000,000
3. * 18,000,000
4. * 1,800,000
Question Number: 1 Question Id: 5832241091 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical Correct: 1 Wrong: 0
1.8 GHz की क्लॉक रेट वाला एक सीपीयू (CPU) प्रत्येक सेकंड में क्लॉक सायकिल पूर्ण कर सकता
Options:
1,800,000,000
2. * 180,000,000
3. * 18,000,000
4. * 1,800,000
Question Number: 2 Question Id: 5832241092 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical Correct: 1 Wrong: 0
Data stored in RAM gets when the computer power is turned off.
Options:
1. * inverted
2. ✓ erased
3. * doubled
4 * stored
Question Number: 2 Question Id: 5832241092 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical Correct: 1 Wrong: 0
जब कंप्यूटर की पावर बंद हो जाती है तो रैम (RAM) में संग्रहीत डेटा जाता है।
Options:
1. ≈ ਤਕਟ
2. ✔ मिट
3. * दोगुना हो
4. * संग्रहित हो

Correct: 1 Wrong: 0

Which of the following statements is false?

Options:

- Control unit directs the operations of the processor.
- CPU has its own storage unit called registers.
- RAM is an integrated part of the CPU chip.
- EPROM is a read and write memory.

Question Number: 3 Question Id: 5832241093 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes

Single Line Question Option : No Option Orientation : Vertical

Correct: 1 Wrong: 0

निम्नलिखित में से कौन-सा कथन गलत है?

Options:

- कंट्रोल यूनिट एक प्रोसेसर के काम को निर्देशित करती है।
- ्र सीपीयू (CPU) की अपनी भंडारण इकाइयाँ (स्टोरेज यूनिट) होती हैं जिन्हें रजिस्टर्स कहते हैं।
- ु रैम (RAM) सीपीयू (CPU) चिप का एक एकीकृत (इंटीग्रेटेड) भाग होता है।
- 🗼 ईपीरॉम (EPROM) एक रीड और राइट मेमोरी है।

Question Number: 4 Question Id: 5832241094 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes

Single Line Question Option: No Option Orientation: Vertical

Correct: 1 Wrong: 0

Which of the following is also known as personal computer?

Options:

- 1 Web server
- Super computer
- 3 Mainframe
- Desktop computer

Question Number: 4 Question Id: 5832241094 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes

Single Line Question Option: No Option Orientation: Vertical

Correct: 1 Wrong: 0

निम्नलिखित में से किसे पर्सनल कंप्यूटर के रूप में भी जाना जाता है?

- 1. 🗱 वेब सर्वर
- 🤰 🧸 सुपर कंप्यूटर
- 3. 🗱 मेनफ्रेम
- 4. 🗸 डेस्कटॉप कंप्यूटर

Question Number: 5 Question Id: 5832241095 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical Correct: 1 Wrong: 0 In CD-RW, data can be erased and modified: **Options:** 1. a only one time 2 * maximum two times 3 * maximum hundred times 4 🧳 as many times as required Question Number: 5 Question Id: 5832241095 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical Correct: 1 Wrong: 0 CD-RW में, डेटा मिटाया और परिवर्तित किया जा सकता है: **Options:** 1 🗱 केवल एक बार 🤈 🗶 अधिकतम दो बार 3. 🗶 अधिकतम सौ बार आवश्यकतानुसार जितना चाहे Question Number: 6 Question Id: 5832241096 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical Correct: 1 Wrong: 0 Which of the following is an internal memory? **Options:** 1. * CD Hard Disk 3 * Pen Drive 4 V RAM Question Number: 6 Question Id: 5832241096 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical Correct: 1 Wrong: 0 निम्नलिखित में से आंतरिक मेमोरी कौन-सी है? **Options:** 1. * 和引 (CD) 2. 🗱 हाई डिस्क

3. 🗶 पेन ड्राइव

4. **৵ रैम (RAM)**

Question Number: 7 Question Id: 5832241097 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical

Correct: 1 Wrong: 0

State whether True or False.

- I) The storage capacity of CD is more than that of DVD.
- The pen drive is also known as USB drive.

Options:

- 1. I True, II True
- 2. V I False, II True
- 3. X I True, II False
- 🙎 I False, II False

Question Number: 7 Question Id: 5832241097 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical

Correct: 1 Wrong: 0

सही या गलत बताएँ।

- I) डीवीडी (DVD) की तुलना में सीडी (CD) की भंडारण क्षमता (स्टोरेज कैपेसिटी) अधिक होती है।
- II) पेन ड्राइव को यूएसबी (USB) ड्राइव के रूप में भी जाना जाता है।

Options:

- 1 🚜 । सही, II सही
- 🤰 🗸 । <mark>गलत, ॥ स</mark>ही
- 🦡 😦 । सही, 🛮 गलत
- _{4. *} । गलत, ॥ गलत

Question Number: 8 Question Id: 5832241098 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes Single Line Question Option: No Option Orientation: Vertical

Read the following passage and answer the questions given after it.

P. T. Usha was born in 1964 at Payyoli village in Kerala. She is the second daughter of Paithol and Lakshami Amma. At school, Usha was an extremely bright student and had dreams of becoming a doctor. Encouraged by her teacher, Balakrishna Master who discovered her and her coach Nambir, who trained her, Usha started her athletic career at school. Very soon she started hitting the headlines and won many gold and silver medals.

She was selected as a member of the India contingent to Moscow and was the youngest participant at the Moscow Olympics.

At the Asian Games at New Delhi, Usha did incredibly well by bagging two silver medals. But neither she nor her countrymen were happy. Perhaps, she had aroused too many expectations in the hearts of her admirers. Usha continued to win several medals at various competitions. The Jakarta meet in 1985 was a landmark in Usha's athletic career because here she got a chance to defeat her old rival, Lydia of Philippines, and won five gold medals and one silver medal. Usha became so popular in Jakarta that one of the Indonesian newspapers nicknamed her "The Indian Gold Company".

Usha had caught the imagination of the Indian public by her wonderful performance at 1984 Los Angeles Olympics where she narrowly lost a medal by one hundredth of a second.

Her greatest moment of triumph, however, came when she participated in the 1986 Asian Games at Seoul, South Korea. Here, she reached the height of her glory with four gold medals and one silver. No one doubted now that a star was born in Asia, none doubted her quality as an International athlete.

Today, P. T. Usha has become a household name. Her popularity can be assessed by the fact that a letter addressed to 'P. T. Usha, India' by one of her innumerable fans was delivered to her in normal time. That summarizes Usha's present status in India. Question Number: 53 Question Id: 5832241144 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes

निम्नलिखित लेखांश पढ़ें और इसके बाद दिये गये प्रश्नों के उत्तर दें।

पी. टी. उषा का जन्म 1964 में केरल के पय्योती शाम में हुआ था। वह पैतल और लक्ष्मी अम्मा की दूसरी पुत्री हैं। विद्यालय में उषा बहुत होनहार छात्रा थीं और डॉक्टर बनना चाहती थीं। उनके शिक्षक बालाकृष्ण ने उनकी प्रतिभा को पहचाना और उनके कोच नंबिर ने उन्हें प्रशिक्षित किया। इन दोनों के प्रोत्साहन के साथ उषा ने स्कूल में अपने एथलेटिक्स कैरियर की शुरुआत की। वे जल्दी ही सुर्खियों में आने लगीं और उन्होंने कई स्वर्ण और रजत पदक जीते।

उन्हें मॉस्को ओलंपिक के भारतीय दल के सदस्य के रूप में चुना गया था और मॉस्को ओलंपिक में भाग लेने वाली वे सबसे कम उम की खिलाड़ी थीं।

नई दिल्ली में आयोजित एशियाई खेलों में उषा ने दो रजत पदक जीतकर अविश्वसनीय रूप से अच्छा प्रदर्शन किया। लेकिन न तो वे और न ही उनके देशवासी खुश थे। शायद उन्होंने अपने प्रशंसकों के दिलों में कुछ ज्यादा ही उम्मीदें जगा दी थीं। उषा विभिन्न प्रतियोगिताओं में ढेरों पदक जीतती रहीं। 1985 में जकातों में आयोजित प्रतियोगिता उषा के एथलेटिक कैरियर में एक मील का पत्थर थी क्योंकि यहाँ उन्हें अपनी पुरानी प्रतिद्वंद्वी फिलिपींस की लिडिया को पराजित करने का मौका मिला और उन्होंने पाँच स्वर्ण और एक रजत पदक जीते। उषा जकातों में इतनी लोकप्रिय हो गयी थीं कि एक इंडोनेशियाई समाचार पत्र ने उन्हें "द इंडियन गोल्ड कंपनी" नाम दे डाला।

उषा ने भारतीय जनता के दिलों में नयी उम्मीदें जगाई 1984 के लॉस एंजिल्स ओलंपिक में शानदार प्रदर्शन करके, जहाँ वे सैकंड के सौवें हिस्से से पदक पाने से चूक गयीं।

जीत का सबसे बड़ा पल उनके लिए तब आया जब उन्होंने 1986 में दक्षिण कोरिया के सियोल में आयोजित एशियाई खेलों में भाग लिया। यहाँ उन्होंने चार स्वर्ण पदक और एक रजत पदक जीतकर अपने करियर की ऊँचाई को छुआ। अब इस बात पर किसी को संदेह नहीं रहा कि एशिया में एक स्टार ने जन्म लिया था; एक अंतरराष्ट्रीय एथलीट के रूप में उनकी स्तरीयता को लेकर अब कोई संदेह नहीं था।

आज पी. टी. उषा का नाम हर घर में जाना जाता है। उनकी लोकप्रियता का मूल्यांकन इस तथ्य से किया जा सकता है कि उनके अनिगनत प्रशंसकों में से एक ने पते की जगह सिर्फ 'पी. टी. उषा, भारत' लिख कर उन्हें एक पत्र भेजा, और वह पत्र भी बिना किसी देर के उन तक पहुँच गया। भारत में उषा की वर्तमान प्रतिष्ठा को इस एक घटना से ही समझा जा सकता है।

Question Number: 77 Question Id: 5832241168 Question Type: TYPING TEST Display Question Number: Yes

Tobacco smoking is a major health problem in India and is also said to be the one that will only worsen unless we act. Smoking alone is estimated to cause nearly 10 lakh deaths a year in India. It is also found that seventy percent of deaths from tobacco use occur during middle age, when people are still in the most productive part of their lives. Chewing tobacco products such as gutka is common in India. It causes over half of the deaths from oral cancers and women are especially hard hit. More young people are now chewing tobacco and conditions such as mouth lesions are increasing among youth. It is also found to be a very common activity among men and women all over. Almost thirty one percent men and nineteen percent women chew tobacco products in India. Specifically, the pregnant women must avoid the use of tobacco, as it leads to low birth. weight babies, still births and birth defects. As per the Global Adult Tobacco Survey, chewing is more common among the poorest. About thirty percent of poorest, twenty five percent of middle income group and only fifteen percent of higher income group people chew tobacco products. Women, who chew tobacco, have especially high risks of dying from oral cancer. 3.8 percent of women in the age group 30 to 69 years face relative risk of dying from chewing than 1.5 percent of men. In simple words, the relative risk of dying from oral cancer is greater among women. In Kishanganj, one lakh men in the age group of 15 to 69 years smoke regularly. Almost seventy percent of them die during their productive years, while the remaining dies in the old age. 612 lakh men, who smoke cigarettes, lose 10 years of life where as 687 lakh men, who smoke bidis, lose 6 years of their precious life. The usage of tobacco is not just costing lives, but it is imposing economic burdens on the health care systems of our country. This implies that the health facilities are forced upon to spend a great share of their precious resources in treating largely preventable diseases. The cost of treatment for serious diseases, like cancer or stroke can push families into poverty. Every year, almost 28,000 people are pushed into poverty in Kishanganj. The district expends an approximate total of Rs. 11 crore on purchasing tobacco every year. Smoking cessation is the single most important action that smokers can take to improve their health and lengthen their lives. But, this doesn't seem to be happening in India, as the quit rates are very low at 5 percent. Quitting before or by the age of 40, avoids nearly all the risks.
