Read the following passage and answer the questions based on it.

Baby giraffes never go to school. But they learn a very important lesson rather early in life. A lesson that all of us would do well to remember.

The birth of a baby giraffe is quite an earth-shaking event. The baby falls to the ground from its mother's womb, some eight feet above the ground. It shrivels up and lies still, too weak to move.

The mother giraffe lovingly lowers her neck to kiss the baby giraffe. And then something unbelievable happens. She lifts her long leg and kicks the baby giraffe, sending it flying up in the air and tumbling down on the ground.

As the baby lies curled up, the mother kicks the baby again and again until the baby giraffe, still trembling and tired, pushes its limbs and, for the first time, learns to stand on its feet. Happy to see the baby standing on its own feet, the mother giraffe comes over and gives it yet another kick. The baby giraffe falls one more time, but now quickly recovers and stands up.

Mama giraffe is delighted. She knows that the baby has learnt an important lesson. "Never mind how hard you fall, always remember to pick yourself up and get back on your feet."

Why does the mother giraffe do this? She knows that lions and leopards love giraffe meat. So unless the baby giraffe quickly learns to stand and run with the pack, it will have no chance of survival.

Most of us, though, are not quite as lucky as baby giraffes. No one teaches us to stand up every time we fall. When we fail, when we are down, we just give up.

No one kicks us out of our comfort zone to remind us that to survive and succeed, we need to learn to get back on our feet.

This message is to everyone who hasn't given up and those who will always have the courage to get back up, dust everything off and start again.

नीचे दिये गए पाठ्यांश को पढ़ें और दिये गए प्रश्नों के उत्तर दें।

बेबी जिराफ कभी भी स्कूल नहीं जाते। लेकिन वे आरंभिक जीवन में ही बेहद महत्वपूर्ण पाठ सीख लेते हैं। एक पाठ जो हम सभी को याद रखना चाहिए।

बेबी जिराफ का जन्म धरती-हिला देने वाली घटना है। बेबी मां के गर्भ से जमीन पे, कुछ आठ फुट की ऊँचाई से, गिरता है। फिर वह संकुचित होकर बेजान पड़ा रहता है। वह चलने के लिए बेहद कमजोर होता है।

मां जिराफ बेहद प्यार से बेबी जिराफ को चूमने के लिए अपनी गर्दन नीचे लाती है। और फिर कुछ अविश्वसनीय घटना होता है। वह अपनी लंबी टाँग उठाती है और बेबी जिराफ को मारती है, और उसे हवा में उछाल देती है और वह धम से जमीन पर गिरता है।

अगर बेबी संकुचित पड़ा रहता है तो मां फिर से बार-बार लात मारती है जब तक कि बेबी जिराफ, जो अभी भी थका हुआ और काँप रहा होता है, अपने पैरों को नहीं हिलाता और पहली बार खड़ा होना नहीं सीख जाता। बेबी को पैरों पर खड़ा देखकर प्रसन्न हुई मां जिराफ उसके पास आती है और उसे फिर एक लात और मारती है। बेबी जिराफ एकबार फिर गिर जाता है, लेकिन इस बार वह शीधता से संभलता है और खड़ा हो जाता है।

मां जिराफ प्रसन्न होती है। वह जानती है कि बेबी ने महत्वपूर्ण पाठ सीख लिया है। "आप कितनी बुरी तरह गिरे इसकी परवाह न करें, अपितु अपने आप को संभालना और अपने पैरों पर खड़े होना सदैव याद रखें।"

मां जिराफ ऐसा क्यों करती है? वह जानती है कि शेर और चीतों को जिराफ का मांस पसंद है। इसलिए जब तक बेबी जिराफ शीधता से खड़ा होना और झुंड के साथ भागना नहीं सीखता, इसके बचने की कोई उम्मीद नहीं है।

हम में से अधिकांश बेबी जिराफ के समान भाग्यशाली नहीं हैं। हमारे गिरने पर हर बार हमें कोई खड़ा होना नहीं सिखाता है। जब हम विफल होते हैं, तो निराश हो जाते हैं, हम हिम्मत हार जाते हैं।

हमें याद दिलाने के लिए कोई हमारे आराम को हमसे नहीं छीनता है ताकि हम जिंदा रहना और सफल होना सीख सकें, हमें अपने पैरों पर खड़ा होना सीखने की जरूरत है।

यह संदेश हर उस व्यक्ति के लिए है जिसने हिम्मत नहीं हारी है और जिनके पास वापस उठनें और फिर से आरंभ करने का साहस सदैव बरकरार रहेगा। Question Number: 53 Question Id: 206205636 Question Type: MCQ Option Shuffling: Yes Display Question Number: Yes
